 You sent a clear, concise email over 24 hours ago and haven't received a response.

 You received an email with many grammatical and spelling errors.

 There are 9 people on the call. No one is self-identifying. No facilitation.

 You receive an email with a date and time of Saturday 9pm.

 You left a voicemail, received a response by email.

You are on a conference call with 9
people. The group is trying to reach a
decision. There are many pauses and
